A new video release

In this video Master Ron England will take the viewer from the Derobio empty hand grabs to the highly evolved stick locks that were taught to him and his fellow Chief Instructors by GGM Braulio Pedoy. This training video provides an excellent foundation for those wanting to learn the Derobio stick locks. However, while we have made this work as technically inclusive as possible, GGM Pedoy's secretive counter to the counter finishing locks are not presented. For that information the martial artist must seek out the Derobio masters that hold that knowledge. A portion of the proceeds of this video are dedicated to preserving the "Inday" Potenciana Saranza Shrine in Anda, Bohol, Philippines. This video will be available August 01, 2015 on our website store or at Ola'a-Nalo Eskrima seminars.

Lessons from GGM Braulio Pedoy

GGM Pedoy often made this comment in reference to the 144 counters: If you do not know how to get away from the trap, you will lose!

*Perpetuating the past while evolving to the future!
If you stay involved in a martial art long enough, you will learn about its past, be involved in its present and hopefully help shape its future.
